Attention: Paul Burton
Wayne Williamson
Gentlemen:

Transformer Consultants will provide all the necessary man-power, equipment, and supplies to clean the insulators and bushings on your energized electric equipment. Using the dry powder air blast method, or solvents, whichever is applicable, and do so in accordance with provisions recorded on the reverse side of this quotation form.

We are pleased to submit the following quotation:

The total investment to get involved in an insulator polishing program
this year.....\$4500.00
Job Set-Up..... 1500.00

For reasons of safety the final decision to perform work will be left
up to our field personnel.

The prices of this quotation are offered as being firm for a period of
sixty days. After this time, price adjustments may be necessary to cover
the possible changes in material and labor.

Cancellation charges of an order 100% due to the rising cost of materials
and the shipping of materials.

May we serve you?

The liability of Transformer Consultants under this contract is
fully explained by Item 8 on the reverse side of this contract.
Please acknowledge that you have read item 8 and all other
conditions of sale by returning a signed copy of this contract
with your order. The issuance of your order for the work
involved in this contract will be deemed an acknowledgement
of all the conditions of sale herein outlined.

The price quoted herein is Net Lot for the work indicated. Any
local or state tax required will be in addition.

Sincerely,

Frank P. Fletcher
